

THE GOLD STANDARD

Ambrell®
INDUCTION HEATING SOLUTIONS

Experience the Excellence.™

THE LAB ... Only from Ambrell

With a Reputation for Delivering Extraordinary Results,
Our Applications Laboratory is the Gold Standard in the Industry.

Our Applications Laboratory – known in the industry as THE LAB – is where we solve our customers' most challenging heating applications. Dr. Girish Dahake, Sr. Vice President of Global Applications, leads a worldwide team of elite engineers who are uniquely qualified to assist you with your most challenging heating applications. We have locations in the United States, United Kingdom and The Netherlands.

We want to invite you to visit THE LAB, where you can experience our state-of-the-art testing facility, which is fully equipped with Ambrell heating systems and hundreds of proven coils. In addition, you can interface with our engineers and see first-hand how they design prototype coils and develop effective solutions to maximize the efficiency of your heating process.

Our innovative and effective induction heating solutions consistently deliver performance excellence in one application after another. It's why THE LAB is the gold standard in the industry.

FREE APPLICATIONS TESTING

Have our team of expert engineers design and test the optimal solution for your application, free of charge. All it takes are three easy steps:

1. Send us your parts and process requirements.
2. Our engineers will analyze your process and heat your parts to develop the right solution for your specific application.
3. You will receive your parts back for inspection as well as a video of the heating process of your parts, and a laboratory report with a system recommendation.

PRO Skills™ Webinar Training from THE LAB

One-on-One Training From the Comfort of Your Office

Enhance your professional skills in the use of induction heating systems through our new PRO Skills webinar training program. This exclusive program, designed by Dr. Dahake, includes a wide array of courses from basic fundamentals to optimizing your power supplies. As part of our commitment to provide a great customer experience you now have access to virtual training that's convenient, easy-to-follow and interactive. And after finishing a PRO Skills webinar course, each participant will be awarded a Certificate of Completion.
